All you need for Room booking, Desk booking  
and Meeting connectivity.

## Room booking – cloud hosted

### Naso room manager Article number: ENX1001

Naso room manager makes it easy to find and book a free space to have a meeting. Place it outside any meeting room to get rid of double bookings, confusion, and interrupted meetings.

- 5-year cloud hosting license
- Book, end and extend meeting on device
- Meeting room administration and management
- On device check-in
- Report and sign-off broken equipment
- Insights and analytics
- Technical support
- See room status from distance
- 23 user interface languages
- User identification pin and tags
- Device management
- Mounting kits for standard and glass wall
- Firmware updates (OTA)
- 24 month warranty

### Room booking software Article number: ERL1001-12/-36/-60

Evoko room booking software provides an easy way to find and book a meeting room, collaborate with colleagues, and make sure your meeting rooms are used in the best way possible.

- Evoko room booking software works great as a stand-alone system but gets even better together with our Naso room manager device.
- Mobile app
- Meeting room administration and management
- Hosting
- Insights and analytics
- Technical support
- Outlook add-in
- Find room based on equipment and capacity
- Remote check in
- Software updates

## Room booking – self hosted

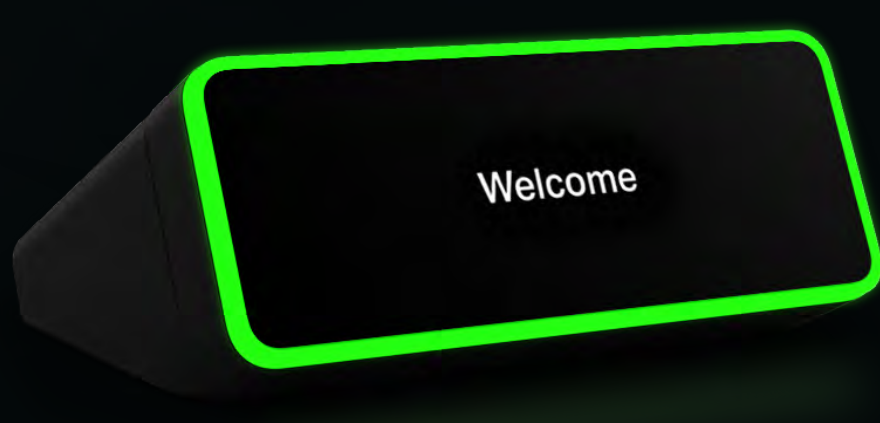

### Liso room manager Article number: ERM2001

Evoko Liso room manager brings all the features you need in a room booking system. Placed outside any meeting room it is clear and visible who has booked the room and for how long.

- Self hosted system
- Book, end and extend meeting on device
- Meeting room administration and management
- On device check-in
- Report and sign-off broken equipment
- Insights and analytics
- Technical support
- See room status from distance
- 23 user interface languages
- User identification pin and tags
- Device management
- Mounting kits for standard and glass wall
- Firmware updates (OTA)
- 24 month warranty

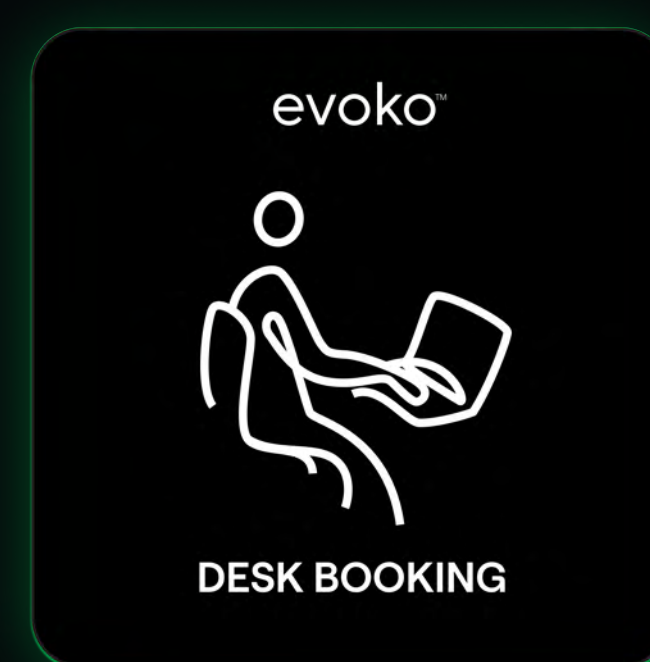

## Desk booking – cloud hosted

### Kleo desk manager Article number: EDM1001-01

Kleo desk manager is a complete and smart desk booking device with a personal twist. Its illuminated edges clearly signal which workspace is available, checked in – or waiting for you.
